

Your closet should be a source of inspiration. But for many women, it's a source of stress. "I have so many clothes but nothing to wear. Ugh!" Sound familiar?

My CLOSETIQUE **closet edit** service not only edits your wardrobe, but gives you a closet you'll LOVE to walk into every day.

1

We do a 3-4 hour session where we **CLEANSE YOUR WARDROBE** of items that are:

- Ill-fitting or an unflattering color
- Worn out
- Out of style

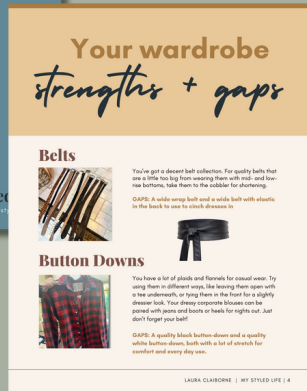

To do this, pieces are divided into 5 categories:

- Keep as-is
- Keep with alterations
- Sell
- Donate
- Toss

2

During this time, I also **REMIX EXISTING PIECES INTO DIFFERENT OUTFIT COMBINATIONS** you may not have considered before and take pictures so you remember them!

3

I then create your **CLOSET EDIT ACTION PLAN**, which includes priorities and strategies for getting more out of what you already own, dressing your body type and what colors are best for you. In addition, I will tell you the types of pieces you should focus on adding to your wardrobe.

4

We do an **in-person 1-hour shopping session** to fill some of your wardrobe gaps. Common focuses include jeans, tops and jackets. I recommend a retailer based on your needs.

5

I come to your home and **take pictures of the pieces** you kept in your closet edit, plus the items we bought while shopping. I then **create digital outfit boards** for you to keep on your phone for daily inspiration.

6

After shopping in-person, I do a **wardrobe plan** for pieces you still need to maximize the versatility of your wardrobe.

While creating your digital outfit boards, I include **specific product recommendations** that will further elevate your outfits.
